Counseling Department

- **What is peer mediation?**
Peer mediation is a proven and effective youth leadership model. In peer mediation programs, trained 6th grade students help other students to resolve their differences when a conflict is brewing or has already occurred. Peer mediation recognizes that students can utilize conflict resolution practices and social skills to play a leadership role in increasing peace and reducing violence in their school. If you would like to request peer mediators to help solve any of your students problems, please fill out the simple request form (available in the Counseling Center) return it to Mr. Barbato via email, front office mailbox, or just stop by the Counseling Center. Peer Mediators are also available by request to come into classrooms to help teach pro-social skills using role play and discussion to highlight the importance of adhering to all of the Kamaile Academy core values. Mahalo- Mr. Barbato

Time to Get Involved! The Wayfinders, one of twelve student organizations operating across campus this year, supported the Navigators' Center in organizing our annual Student Involvement Fair last week. Officers from each organization were on hand to answer questions and recruit new members as all students in grades 7-12 had a chance to explore the different clubs available to them. The Tech Club was a big hit with their robots!
